New Welcome Home T-shirts for the boys.

Thanks Michigan for the formula donation!!!

A cuddle from Aaron and Lisa from Michigan.

Sewing classes are still going in village.

Dear Welcome Home Friends & Family,

In March 3 of us did a trip to the home. Aaron and Lisa from Michigan carried loads of supplies and visited their 3 adoptive daughters. They are waiting patiently for their adoption process to be completed at the Embassy. I also went with 10 bags of much needed supplies.

Ice cream was enjoyed by all, a gift from the van Woerkom's, fun for their kids and ours.

Michigan friends supplied us with a lot of formula for the needy village children. Two are pictured on the left. The Dad lost his business handling the bills for their birth and also lost their place of living. A small business loan has been given to the family to get them back on their feet to raise the babies. They are much better off with their parents.

Medical clinic building: Great progress is being made on the building. The plans for inside are complete and the work begun on outfitting all the rooms. Great work by Sam and his team. Lwambogo village is a hub of activity with many people including women working for our builder. They are all thankful for the work as this Covid year has been rough for many of them.

The children at the home are very peaceful, happy and thriving. Their English has improved greatly since all the mums are learning to speak it through their own English class.

We are thankful to the fish farm that supplies us with tilapia for the children. They love it.

Thank you all for your faithful care and support. We cannot care for these children without you!

*Blessings from Mandy,
and Your Welcome Home Family.*
