

Some staff and the children - minus sleeping babies.

Dear Welcome Home Friends and Family,

From all of our Welcome Home Family we wish you all a Blessed Christmas Season as we reflect on our Saviors birth - Our King and Redeemer!!

Our Medical Social Work Team is very busy with many people needing intervention. Here is a glimpse for you. Pictured left is Gertrude receiving nutritional help (while in Hospital) that will continue when she goes home. Ethan's mother came for encouragement and nutritional help for her Albino son. In most villages the family is shunned and the life very hard for an Albino child and their family. We will follow up on Ethan for eye and skin care as he gets older and be there for the mum as she walks this hard road. Vanisa is now well on road to recovery since her leg surgery. Cared for by her 16 year old sister we also helped with their nutrition. Six others have had surgeries. Ruth pictured on the right had a badly infected finger (now partly amputated) from a gardening accident. Her garden is the food supply for her family if she is not able to work it then it is a great hardship for the family.

Thank you for caring!!

We ask for prayers for Uganda as ISIS cells are active. There have been several bombings with fatalities this past 2 months, the worst in Kampala.

Thank you for your love and support. We truly appreciate how you come along side us with your end of year giving to help us head into 2022.

*Blessings from Mandy,  
and Your Welcome Home Family.*
