Dear Welcome Home Friends & Family

For those who are home schooling imagine what it is like with around 45 children to keep track of with their studies. They are preschool, kindergarten and elementary. Janet who is on her 3rd long term volunteer stint for us has been doing a great job of assisting our staff. Several people let me know they have enjoyed Janet Mulford's book "Different by Design" available via Amazon.

We were happy to have a catch up visit with little Peter. His dad was not able to manage so his dear Aunt stepped in and he is now back to the happy healthy, well looked after Peter we knew. We are looking to give his aunt a small business loan so that she can work from home and care for Peter at the same time. What a blessing for him.

Medical clinic building The ceilings are being installed this week. Next will be the windows and doors. Cabinets and shelves and desks will go in on my next visit mid March.

Change is in the air. Our **Welcome Home Bible School (KLTC)** is handed over to Sol Nunez who has been one of the teachers with her husband Jose (now deceased). Most students are now from a different area and it makes sense to move to where all the students are and where she has been offered land to build. We wish her the best on this new journey and are thankful for the time she and Jose spent under our Welcome Home Umbrella.

Thank you all for your faithful care and support. We cannot care for these children without you!

*Blessings from Mandy,
and Your Welcome Home Family.*
