

Welcome Home Ministries – Africa April 2015

To Love, Care, and Pray Destitute Babies Back to Health; or into Jesus Loving Arms

2015

Dear Welcome Home Friends and Family,

This past month has been quiet for us with not a lot of activity in the home. For the most part the children have been healthy, a fact that we really appreciate.

This newsletter is a walk down memory lane of many of the little lives that you have helped us to touch. Some of these have gone home to family, a few are still at the home waiting on their future and some have been adopted. All have done really well despite some shaky starts where they were close to death.

Above: a boy who was blest to be adopted by a wonderful family who has walked with him through two serious open heart surgeries. He now has a pace maker and five Ugandan siblings from Jinja district.

Would any of you like to consider coming on a trip to Uganda with me to see the work you are supporting? I go April, July & October for any who are interested.

We would appreciate your prayers for wisdom for the Parliament as they get ready to update the laws on their books regarding children. There is work still needed on the Bills for them to work well for the future of the children. We need a good job done on these.

Thank you!! You make our work possible.

*Blessings from Mandy
and Your Welcome Home Family*
