

The exciting time of Christmas

Jessica Pretty - a new girl for us.

Face Group Technology gifts. Thank You!!

New baby Julius, a healthy boy.

Happy New Year to Welcome Home Friends and Family!!!!

This past 4 weeks has been a wonderful month of celebrating the Savior's Birth. We were blest to have David, Nick (a return trip for him) and Josh volunteer from Georgia to come and help in the home and village ministry. A major highlight of their time apart from the children was seeing many people saved when they ministered in the hospitals, prisons and villages. The children loved pushing David's wheel chair. One event was a **mind blowing miracle for them and a doctor** at the hospital. There was a young couple there having their first baby. A little earlier in the morning they led the dad to a relationship with Christ. The delivery of his child did not go well and the wife had to have an emergency C- Section. The baby was stillborn and the wife was not doing well at all. It is not uncommon to lose both mother and child in these circumstances. The desperate dad came out and asked our prayer team for a bible and went back in and kept reading Psalm 23 to his wife and stillborn child. After 2 hours the baby breathed and the wife started to recover. When they checked on them the next day both mother and baby were fine. The thing that was so amazing for these guys is that 2 of them are paramedics and they know what happened to the child was totally a God thing as in natural circumstances it could not happen. It also was a big surprise for the doctor who was not a believer.

David and Josh joined Anita our Dutch volunteer in baking cookies for the Christmas celebrations. Anita had the fun of decorating the Christmas tree which brought a lot of joy to the children.

Our empty beds are starting to fill up. We have been welcoming several new little ones into the home who have been found to be in very needy circumstances. What a privilege it is to be Gods Arms of Love extended to these little ones.

The follow up on our children who went to Watoto has been that they are all doing very well. Jonathan has settled into his home and the children who were just adopted toward the end of the year are all doing well. Alex and Olivia still need prayer for Canadian Visa's.

Stephen and Immaculate (village children who were adopted) have been receiving lots of medical and dental care. They are settling very well into their family. Three of their siblings they already know from the home. They are all truly blest to have such an opportunity.

It is hopeful Daniel our little deaf boy who was adopted earlier in the year may have his deafness cured by tubes in his ears. His hearing test had improved to what they had been in Uganda. The doctor in the USA is hopeful for hearing restored.

We appreciate your prayers for all our children at the home, those returned to the Village, Watoto or Adopted. Your prayers and loving support help us immensely in our work where there are often battles for the health of the children and the workers.

Thank you all for your faithful financial support. It is you who keeps the place running. Without the funds the work is not possible.

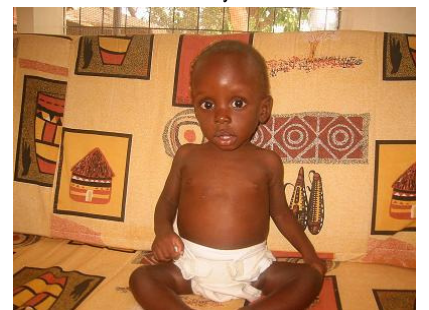

Blessings from Your Welcome Home Family

David and Josh help Anita bake cookies.

Josiah and his 13 year old mother.

Dean is looking to the new plan

Stephen and Immaculate join 3 old friends
