

Welcome Home Ministries – Africa November

To Love, Care, and Pray Destitute Babies Back to Health; or into Jesus Loving Arms

2018

↑ Over 12 years old, never able to go to school ↓

So happy to get wheel chair to attend school.

Some of our medical clinic volunteers.

Sam gives a Dutch bike ride for our toddlers.

Dear Welcome Home Friends and Family,

This past month we have had a village medical clinic where we treated 614 patients, a mix of adults and children. Transportation showed as a need for the many handicapped children. Some were supplied jogging strollers, another a youth wheel chair and yet another hand pedaled one is ordered for a girl unable to walk at all. She has been crawling on the dusty or muddy ground to get around. Thanks to Travis and his medical funding team several much needed operations are happening each week for the needy of Lwambogo district. A big thanks to Dr Phillip and his team for the care.

We see lasting results in the children from all the child development work done at the home by volunteers and our staff this year. Great job everyone. The children at the home are much more peaceful. Sam one of our cooks is spending some much needed 'man time' with the children, singing, dancing, playing and taking them for bike rides.

Three wells are under construction at this time in Lwambogo and Kamigo to supply village and the children with clean drinking water. It will also save the children such a long walk to carry jerry cans.

With Christmas soon coming please remember to sign up for Amazon smile as they share a small portion of their profits with us. It all adds up and helps us financially. See the address below.

We are making difference together!

Thank you all so much for partnering with us.

**Blessings from Mandy, and
Your Welcome Home Family.**

Jackie gets a set of wheels to help her mum.

A thankful mum who needed help carry her boy.
