

Welcome Home Ministries – Africa February 2020

To Love, Care, and Pray Destitute Babies Back to Health; or into Jesus Loving Arms

2020

The new **extra wide** Laundry Room door.

New Laundry floor with metal pallet for washers.

This boys mum died of Cancer soon after birth.

This girls mother died in childbirth.

Dear Welcome Home Friends and Family,

The children (and the several escorting mums), really enjoyed the trip to the zoo. It was wonderful for them to see so many of the animals they had read about and seen pictures over the years while at the home. It was a first time also for the mums.

As promised last newsletter, here are the three new little ones who have joined our family. The two girls lost their mothers in childbirth and the little boy lost his mother to cancer not long after he was born. Our goal is to raise these little ones up to about 3 years old and then be able to return them to their fathers to continue to raise. We will be working with the dads during the three years to see if we can help them to have a better income so they are financially much better off to care for their children. Please pray for them to do well.

We are all ready to have our washing machines delivered. The laundry room has been re-roofed, painted inside, a very strong cement floor installed (lots of rebar), and a very strong metal pallet installed to secure the washing machines. The old door of the laundry room has been replaced with a new larger door that the machines can fit in. Now we just need the machines, now in Kampala to be released from customs. We expect them any day!! Our mums are waiting so patiently for the season of washing by hand to end. They will be so glad!

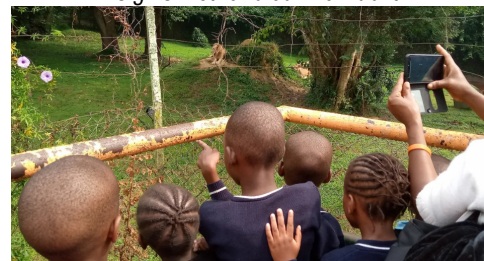

Your care for our children, the staff and our mission is greatly appreciated. We cannot do this work without you. Thank you for all our prayer and financial partnership.

*Blessings from Mandy,
and Your Welcome Home Family.*
