

A Merry Christmas and a Happy New Year from us all

Dear Welcome Home Friends and Family,

This has been a very hectic year for us. Part of the year our babies were all housed down at our village pastor's training school while major repairs were being done on the house by the Mahdvani group. We are thankful that we are now fully moved back into all the buildings and things are back to normal with just a little painting and fences left to be finished.

Pictured are the before and after pictures of two of our children who have experienced the most dramatic changes in their lives this year. They are vibrant and doing well. The children in the home are for the most part in good health with colds their biggest problem.

The home is full of needy children with some of them able to head home after their family circumstances improve. Others will be available in Uganda or internationally for the Foster to Adoption program that became law earlier this year. It has its challenges but is workable. For anyone interested please call or email Mandy at the below contact information.

I am very thankful to those who responded to our need when the finances were so tough these past three months and also to those who prayed. Your generosity helped us make it through some really rough places where we were desperately praying for finances.

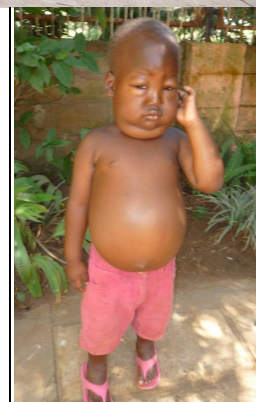

For those of you who are in a position to end of year giving we ask that you support WHMA and help us transform these young lives. Our children are a worthy investment.

Please do not forget to shop at **smile.amazon.com** and support our ministry. They contribute a percentage of what you spend directly to our account. It does not cost you.

I thank you for your care, your notes and emails of encouragement.

*Blessings from Mandy
and Your Welcome Home Family.*
