Dear Welcome Home Friends and Family,

This past month has been a world challenge. In Uganda we have our staff on lock down with our children at the home. All of them are healthy. Thanks for praying. We are happy to report that Uganda has only had 56 mild cases of the virus.

As you know we reach 10 villages - Lwambogo is the main hub, holding 3 to 4 medical clinics per year. Through these we have been able reduce infant mortality and the suffering of many of the young children. Many still fall the cracks and suffer terribly. Two years ago I stood on available land where we run the clinic with the local school board, Drs. Phillip Uganda & Brad USA and the government leaders of the village. We asked God for a clinic-mini hospital, labor ward with an RN and Dr.

In February the Jones Family Foundation offered us a grant of \$10,000 to \$100,000 for a special project. We are so thankful for their big hearts to help, in Mid April they awarded a \$100,000 grant to build the medical clinic. Funds will be released after I raise the \$50,000 to equip the facility.

Go-fund me and other fund raisers will be done for the clinic. **For the sake of the orphanage we ask you not to divert funds normally designated for the orphans to this clinic ministry.** Our top priority is to keep the orphanage well funded so we can look after our main responsibility. Please pray for us as we look to make an impact for the Children of Uganda and their families.
