

# Welcome Home Ministries – Africa

August  
2011

*To Love, Care, and Pray Destitute Babies Back to Health; or into Jesus Loving Arms."*

A gift of handmade shorts for the boys.

A gift of handmade dresses for the girls.

Gifts of soap, milk, sugar and diapers from "World Agroforestry Centre" an East African group who want to give back into Africa by researching sustainable natural management. Their visit was featured on a TV broadcast

Cheryl brings gifts of school supplies, t-shirts, soccer balls, finances & chocolates (the favorite) from her work place "Avanti" in California.

## Dear Welcome Home Friends and Family,

This past month has been a healthy happy month. The most common noise at the home is that of happy play and laughter. We have had several new admissions this past month with children suffering from malnutrition. One of them is in International Hospital in Kampala struggling to make it, but the latest news on him is improvement.

**Thank You all !!! Gifts are what sustain us.** Thanks to the large group from England led by Richard who come every year in July and bring a financial gift as well as clothes and toys and love. Thanks to our California sewers who make all our dresses, shorts and blankets.

A new TV for rainy days - a gift in memory of Barbara Northcutt, one of our past volunteers from Corona in California. Lots of cheers & "thank-you" from the children - they had really missed having one.

Above William (manager, 2<sup>nd</sup> from Left) and Mandy with the very happy village team graduating our Timothy Leadership Training. They are now better equipped for the work with the village children.

Please help East Africa (severe famine); even our food costs are up++.

## Blessings from Your Welcome Home Family

♥ ♥ ♥ ♥ ♥ ♥ ♥ ♥ ♥ ♥

Two boys in need of medical adoption – They need loving families to help them.

Above a friend pushing Joseph, who suffers from Microcephaly. He is a very loving little boy who has learnt to crawl, is starting to walk and talk. His medical future is uncertain.

Above Oscar who has had surgery for Hydrocephaly (Water on the Brain). He is learning to speak, roll, to be in crawl position.
