Dear Welcome Home Friends and Family,

We wish you a Blessed Christmas and a Happy New Year from all the Welcome Home team.

We make a difference! In October I had an email from one of our male supporters (usually I hear from women) asking for updates of some of the children who he and his wife had prayed for and followed. So with the adoptive family blessing, I share these before and after pictures of 2 of our young girls adopted (3 total from us) into a family in the US. Both are miracles in answer to prayers and your faithful support. Without all of your love and generosity we would not be able to afford the medical care and the good nutrition that was vital to their recovery. Their first year of that journey at the orphanage was very painful hard work for them both, as well as for us to recover them from suffering and illness. They were best friends at the home and were thrilled to be reunited in adoption as sisters at their US home after 6+ months apart.

Our Social Workers have been doing their home visitations to the children restored to the villages. It is good to know from their reports that the children are doing well. We make sure that life is OK for them.

We have 2 young women from Pennsylvania back again to volunteer for 6 months over the Christmas season. Their love and encouragement and “baking skills” will be enjoyed once again by all, especially for the Christmas festivities at the home. Thank you girls!

We Rejoice - The children at the home continue to be healthy and happy, all growing up very quickly.

Thank you for your continued love and support. **Would you consider a special end of year gift?**

***Blessings from Mandy
and Your Welcome Home Family***
