Dear Welcome Home Friends and Family,

Tending the needs of children in and out of the home is a constant. We are seeking to help keep as many children as we can within their family of origin so we have increased our village work. This does not relieve the steady stream of children into the home as there is so much need in the country as a whole. We work very closely with the police & child protection.

We had 5 children to return home to family this past month. Top left picture shows **Mr Opio Ouma** from Ministry of Gender-Child Protection there to transition 2 of the older children back to care of their mum.

Above: this week's village clinic - making a difference.

Our main task is to see all children cared for well so that their life has a stable safe future and hope.

Thank you!! You make our work possible.

*Blessings from Mandy
and Your Welcome Home Family*
